

AGREED STATEMENT FROM THE BOARD OF MANAGEMENT

June 2020

Best wishes to 6th Class Pupils - the Board extends best wishes to our 58 pupils graduating from our 6th classes and Coiscéim this year to move on to their respective secondary schools. Thank you to everyone who has supported the children on their journey through primary school and special thanks to the parents for your support of our school.

End of Year Progress Reports - the Board welcomes the release of progress reports covering the period September 2019 to March 2020 which have been made available to parents via Aladdin. The Board notes that standard testing was cancelled by the DES so up-to-date assessment scores could not be included. The Board encourages parents with queries or concerns about reports to follow up with school staff. The Board commends the children for their wonderful engagement with home-based learning during the lockdown and thanks staff and parents for their commitment to supporting this in difficult circumstances.

School Reopening Plans - The Board awaits guidance from the Department on the reopening of the school for the next school year and the Principal will keep parents informed about this during the summer. The Board hopes that with appropriate control measures in place all schools will be allowed to reopen for in-person learning, 5 days a week for all pupils and looks forward to welcoming pupils and staff back to the school when it is safe to do so.
